

Supplier of Stainless Steel Seamless pipe for Qatar Stadium, Great Steel and Metals at ADIPEC 2016

Date: 10-04-2016 09:29 AM CET

Category: [Industry, Real Estate & Construction](#)

Press release from: [Great Steel and Metals](#)

Great Steel and Metals, the renowned name in the stainless steel industry and leading manufacturer of Duplex and Super Duplex Flanges and Butt-weld fittings in India is participating at ADIPEC 2016 starting from 7th to 10th November 2016 at Abu Dhabi, Dubai.

It is important to note that Great Steel and Metals already has a good client base in UAE and there are a number of good projects in its portfolio including the recent project of Qatar Stadium, where the company supplied stainless steel seamless pipes. In this project, the main contractors were CCC (Consolidated Contractors Company) and TCC (Teyseer Contracting Company). Since the material was of premium quality and supplied within the stipulated time period, the company even got recognition for its quality products and services.

It is important to note, with over 30 years of experience, Great Steel and Metals has built up and maintained that position that is really very hard for most of the companies to even imagine. With quality services, the company understands how important it is to maintain good relations with its customers and that is the reason why the company invests a good amount of time and money on improving customer relationship. With other things, Great Steel and Metals keep a check on its prices to enable its customers get quality products at highly affordable prices. This is what makes Great Steel and Metals a premium company ahead of other companies in the related segment.

Great Steel and Metals is well equipped with all the latest technologies and works with the highly skilled manpower in the industry. The company even holds the finest infrastructure that makes it possible to complete its projects within the stipulated time frame. Being ISO 9001:2008 certified company, it works on a complete transparent approach, wherein the buyer is made aware of the progress of his project right from the beginning. The company has good customers from Saudi Arabia, Kuwait, Oman, Iran and a number of over Middle East companies and that can be seen as a motivating factor for the company to exhibit at ADIPEC (Abu Dhabi International Petroleum Exhibition and Conference). The company also invites its present and prospective customers at its stall which is at International Pavilion i.e. Hall No 13, Stand 13171.

Great Steel and Metals is all set to increase its client base and expand its operation in the gulf and so invites everyone to visit them at ADIPEC 2016. The company is also considering this event as a good opportunity to meet its existing customers at Abu Dhabi, Dubai. So, this can be seen as a great opportunity to form new relations and cherish the existing ones.
