(A)Reference Document :-

1.PO NO: 567/20-21 Dt: 29.10.2020(M/s Great Steel & Metals

(B)Detail of Inspection Activity :-

Annexure 1

Sr No.	Heat No	Item Description	Lab Reference No
1	B452	Seamless Pipe OD 76.2 mm X 3.66 mm thk as per BS 3059 Part II Gr 360	J5739

1. Verified TUV SUD Hard Stamp on the above offered sample.
2. Witness mechanical testing for the above sample was witnessed as per BS-3059 Part II Gr 360. The observed Test results were found ok and satisfactory.
3. Witnessed Drift Expansion test for the above sample.The OD expansion of the sample was observed within the acceptable limit . Hence found ok and satisfactory.
4. Witnessed Flattening test of the above sample. No cracks were observed on the bend part of the pipe. Hence found ok and satisfactory.
5. Witnessed Macro test for the above sample. The sample was found seamless.

(C)Document Reviewed :-

1. Reviewed Calibration test certificate for the machine used for testing were found ok and satisfactory

(D)List of Calibration instruments:-

Sr No	Instruments	Sr. No.	Range	Due Date.
1	Universal Testing Machine	06/2012-4965	0-400 KN	20.07.2021
2	Vernier Caliper	131443353	0-300 mm	19.06.2021
3	Micrometer	37096646	2.5 – 25 mm	02.10.2021

(E) Conclusion :-

The Above mention inspection was carried as per the Email dated 03.12.2020 and challan dated 23.11.2020. And found ok and released for further process.

Enclosure :
1.Test Records
2. Calibration certificate
